CHARLES DIMMIT NAMED SUPERINTENDENT OF STREETS

At a special meeting of the Board of Trustees of Redwood City last Monday night the resignation of Ed Dearborn as city superintendent of streets and water superintendent which was presented to the board some time ago was received. Charles Dimmitt, city engineer, was appointed to succeed Dearborn, at the same time to continue as city engineer, thus combining three closely related offices in one. The appointment was a good one as Mr. Dimmitt is well acquainted with the work of both the street and water departments.

DEMOLAYS CELEBRATE PATRIOT DAY SERVICE

A number of the local members of the Order of DeMolay and their families attended the Patriot day services at the Masonic Temple in San Mateo last Tuesday night. A musical program consisting of piano solos by Boris Adams of Peninsula chapter and a quartet composed of Misses Carter and McCamley and Messrs Forbes and Reading was much enjoyed. The speaker of the evening was Past Master Todd of Parnassus Lodge, F. & A. M. who outlined the life of George Washington. The talk was accompanied by slides and photographs taken by the speaker during his study of Washington's life.

FLAG DEDICATED

The parents and children of the Alpine school, six miles from La Honda dedicated a new flag at their school last Tuesday with appropriate exercises. Miss Celia E. Evans clerk of the board of trustees, presented the flag to the teacher, Miss Hazel Olin. Both Miss Evans and Miss Olin made apropriate remarks concerning the meaning of the flag. The emblem was then raised to the top of the standard by two of the children. Recitations and readings were given by the pupils and these were followed by talks by County Superintendent Roy W. Cloud and by Mr. Edward Stack. Small flags were then presented to each of the pupils and a time of friendly visiting was enjoyed.

We regret that owing to death in the family of our Runnymede correspondent was unable to furnish notes this week. In the future this entertaining column will be resumed.

JUDGE HEARS FISH STORIES

The county coffers were enriched yesterday to the extent of $100 when four too ardent angelers were fined $25 each by Justice Ray Griffin. The four who contributed towards the county's prosperity were E. E. Egan, San Francisco, Ralf Feusier, San Francisco, T. P. Boyle, San Francisco, and John Faneuchi of Miramar. Another fisherman, Herbert Scatena, also of San Francvisco obtained a continuance of one week.

FITZPATRICK WINS

Just as this issue goes to press the jury in the Stanley vs. Fitzpatrick case has returned with a verdict for the defendant. The jury was out two hours.

Honest Work For What You Pay

The custom of operating an electrical service department on a profit basis alone, is faulty, we believe. It tends to create a spirit of wasteful work among mechanics.

They say that Chinese doctors are paid only when you are well. So it is their aim to keep patients in good health.

The reward of our mechanics is based on their ability to keep the electrical appliances of our customers in a tip-top condition at a minimum cost.

Too many electrical appliance owners are discouraged at the heavy expense of keeping their appliances in running order. We found that our policy of low repair charges is meeting with favor. People like it and talk about it.

This is what we believe to be a constructive policy; it keeps electrical appliance owners delighted with their appliances. When they are in the market for another appliance they will call on us. So this altruistic service idea is based on a selfish motive after all.

New Home of Title Company Completed

The new home of the California Pacific Title Company has been completed and is now being occupied. The new building, a one-story, concrete structure, with nine large arched windows, is one of the finest business blocks in town. Situated on the corner of Broadway and Hamilton, the new building adds one more step in the remodeling of the block which has seen the erection of the post office, the Peninsula Garage, the Daniel R. Stafford building and now the Title building, all within the last three years.

The new building is finished on the outside in a cream color and adds greatly to the attraciveness of the business district of the town. Inside, the office equipment is equal to any office of its kind, and nothing has been spared to make the building beautiful as well as suitable for the needs of an insurance office.

The opening of the new building was made the occasion of an informal banquet for the men employees of both the local and the San Francisco office of the company, held at Trahan's last Monday night. At this time Manager Hope of the local branch was highly complimented on the way in which the business of the firm was being conducted under his abe management.

NEW HOUSE AT ATHERTON

A. T. Bofing, retired, has started the erection of an eight room house on his acre tract just south of Redwood City on the Middlefield road. The house which is to be a very attractive dwelling and a credit to the beautiful residence tract where it is being built was planned by the owner's son, A. J. Bolfing, an architect and builder with offices in San Francisco. The Bolfings are from Oakland, but have lived in Palo Alto for the past year. Mr. Bolfing has exercised great pains in the selection of a site for his home, he looked over a great deal of the state in search of an ideal spot, and finally decided that the Atherton tract is the finest residence tract in the state.

SAN FRANCISCO BUYS MARSH LAND NEAR REDWOOD CITY

The City and County of San Francisco have purchased thirty-one acres of land of the Sweeny ranch. The purchase includes a right of way for the Hetch Hetchy pipe line and a strip of land containing ten acres near the old Sweeny home not far from the Dumbarton railroad railroad. The work shops are to be located there and many men are to be employed for a long time. The sale was made this week by Mrs. R. A. S. Pescia.

Polished Pebbles From Pescadero

May Day found the nimrods lined up several deep along the banks of the beautiful Pescadero creek. Everybody seemed to be having a wonderful time—even the fish; who were taking to everything from "Tyee" to "Dead Diamond" with what amout ed to eagnerness. The spell of the gorgeous landscape was over everything and everybody. One bird with a full creel exclaimed enthusiatically: "Say, this sure is the country. I'd get a kick out of just whipping along this stream if there wasn't a fish in it. This is my first trip down here; but I'm coming often—say, isn't that a dandy. Gad, this is a great country! —s'long."

When the road work now under way from the Point in is completed, giving us a full paved street through town as far as the bridge, old timers who visit this part of the world from time to time will hardly be able to recognize our town from old. That along with the endless number of improvements, featured largely by the finely appointed new Pescadero Bank, will bring about little less than a complete transformation of local aspects that are important.

Mrs. Robert Silva and Mrs. Geo. Flatley were entertained over a fishing trip by Dr. and Mrs. C. V. Thompson on the opening day of the fishing season. All hands hooked the limit the first day out.

The P. T. A. of Pescadero had a picnic down at "Bean Hollow" Sunday last. The children of the grammar and high schools staged an athletic meet as well as a couple of ball games in which a number of the old time ball players from hereabouts took part. "Vic" Doty on more than one trip to the plate all but knocked the ball out of the county. Besides the games a fine luncon was served by the ladies of the P. T. A. This, too, received . cordial attention by the great numbers present. "Bean Hollow" is one of the splendid beach watering places along the coast. It is a favorite spot for thousands of campers during all seasons of the year. Here waders can venture into the ocean, and bathers in the ponds that are formed by the broad sand-bar heaped up by the wind and waves.

Officials of the transportation companies here made a demonstration trip in the large passenger vehicle. rumor has it are to be put on the run from Pescadero to San Francisco. The glimpse of the "boat" we were able to get simply beggars description. All that we can say, is that it is "some wagon." They all point one way, however, and that is to the conclusion that this part of the world is reaching right up to the last word in every direction. An open-minded trip down this way with a willingness to see things is enough to convince anyone that the much famed far away places of beauty are just as well far away; we've got enough of them right at home.

Reverend C. P. Miller of Alameda has been engaged by the Pescadero P. T. A to give an address here on Friday evening, May 4th. As a pulpit orator and a platform speaker the Devine is noted for the eloquence and sustained interest of his appeals Public speaking these days is all but a lost art, and admired all the more in those who possess the exacting qualifications it demands, as a consequence great interest is being entertained for the occasion.

LOCAL HAPPENINGS OF GENERAL INTEREST FOR WEEK

According to the latest reports from the Huling hospital, Buster Roussell, who underwent an operation this week fo ra growth on the knee caused by a fall, is doing nicely and will soon be around again.

Mrs. Jacobus returned this week from a visit with her daughter, Mrs. Roberts, nee Norma Jacobus, in Fresno. During her visit in the Raisin City, Mrs. Jacobus took in the Raisin Day celebration and also got acquainted with her little granddaughter, born during her visit there.

The birthday of Mrs. Emil Serveau of Eton Street, was the occasion last Sunday of a delightful family reunion when about twenty-five children and grandchildren gathered at the Serveau home to honor the an niversary.

John Orton left last Friday for Portola, Plumas county, where he will spend the summer as foreman of the Portola garage and machine shop. On his way he stopped off at Quincy to spend a couple of days as the guest of Dr. B. L. Laswell.

Mrs. Alexander Ryan is here from San Francisco spending the week with Mr. and Mrs. John W. Poole.

Wilbur Wilson, son of Mr. and Mrs. J. W. Wilson, returned Sunday from a trip to Los Angeles. The young man is a student at Sequoia, but decided that a view of his native state would be an improvement on studies, hence the trip. His companion on the journey, Peter Lamb, son of Judge P. E. Lamb of Belmont is still in the south.

Miss Ruth Doxsee finished her third year at the University of California, Thursday and returned home to spend the summer here with her parents, Mr. and Mrs. C. M. Doxsee.

Redwood City took on quite a metropolitan air Monday night. With the opening of the new home of the California Pacific Title Insurance Company two big search lights were installed on a telegraph pole across the street and the new building is brilliantly lighted from without and from within every night. The corner is now the brighest place in town of evenings.

George H. Bell, machine shop instructor of the high school, took about thirty-five of the high school boys to the Stanford University machine shops last Wednesday. The Stanford instructors showed the local boys every courtesy and gave them every advantage to see the finely equipped shops of the big university in action. Among other things of interest, the local boys watched the pouring of the molten iron in the Stanford foundry.

The fire department was called out at 7 o'clock last Monday evening by a still alarm. A chimney fire in the home of Mrs. G. W. Lovie was the cause of the alarm.

Mr. and Mrs. George A. Kneese were the guests of Mr. and Mrs. A. F. Davis at their home in the Alpine last Monday and Tuesday. The well-known county officials are reported to have caught the limit of trout on the opening day of the season.

Henry Steinberger, manager of the Frank Tanning Company, will leave on Monday for Byron Hot Springs to try the baths there. Mr. Steinberger has been bothered with rheumatic pains in his back for some time and hopes to find relief at the springs.

Mrs. Sarah Wentworth returned home during the week from a visit with her niece, Mrs. John Hurd at Bakersfield.

A goodly number of members of Sequoia Chapter O. E. S. went to Palo Alto Wednesday evening and witnessed the conferring of the Floral degree by the officers of Palo Alto chapter.

Mr. and Mrs. Hargrove Harrison and baby are here from Stockton visiting Mrs. Harrison's parents, Mr. and Mrs. C. H. Woodhams.

There will be a food and apron sale by the ladies of the Episcopal church this afternoon at Tucker's furniture store.

Mr. and Mrs. R. Bobbie are receiving the sympathy of their friends in the loss of their baby son who passed away last Friday night. The little fellow, who was 11 months old was the victim of pneumonia.

Dr. J. P. H. Dykes is enjoying a visit from his daughter-in-law, Mrs. E. T. Dykes and little grandson of Richmond, during the week.

The Felton taxi business which has been operated by Jos. Faso has been sold to J. Manzone. Charles Faso, who has been managing the business during his brother's illness has returned to the University of California.

Brother of Local Man Dies

Waldemar Meusdorffer, manager of the local chemical works, has the sympathy of his friends over the death of his brother, John C. Meusdorffer, who passed away at his home in San Francisco Wednesday and who was buried in Cypress Lawn cemetery yesterday. The deceased spent a good portion of his life at the old Meusdorffer home in the north end of San Mateo county. He was 52 years of age and was manager of a San Francisco insurance company.

Besides his wife he is survived by his mother, four brothers and two sisters.

WOODSIDE CHIRPS

The J. A. Folger home has been leased to a San Francisco party at a rental of $1500 a month. This is the largest rent ever paid for a San Mateo county home.

Robert Franck has sold his place to Albert Komtthoeft and will remove to Portola. He has bought some land just south of the Church of Our Lady of the Wayside and will build him a house there.

Jeffrey French has rented his house to Mr. De Hasse who has brought his family out from Redwood City.

B. P. Oliver, formerly of Los Altos, has moved into the Druxler place here, which he purchased some time ago. His old home was one of the show places of Los Altos, but we think his present one will surpass it.

Mr. and Mrs. Isaac Upham and Mrs. Upham's mother, Mrs. Oakley, of New York, are established for the summer at the Upham home.

J. L. Ross, Jr., whose log cabin at Little Forest is one of the attractive places of the valley, has been building an elaborate entrance way of redwood logs, adding much to the rustic appearance of the place.

Benjamin St. John filled his pulpit again Sunday last, after an absence of about two weeks. This week he is the guest of James Huddart and family at their beautiful estate in the hills I wonder how many of the men here realize our good fortune in having a minister of the character and ability of Mr. St. John. I speak advisedly when I say that it is not often that a church in a community as small as ours can command the services of a man of Mr. St. John's caliber.

The rival baseball team from Las Lomitas met the home team on our own diamond Wednesday afternoon. Although we were leading well in the fourth inning, the game was called off owing to an accident to one of the Las Lomitas players. Walter Hanson, catcher, in his anxiety to nab a fly, collided with one of his own team bent on the same errand in such a way as to receive a painful cut over the left eye. The game was called off to be played over at a later date. We like the Las Lomitas boys. They are good sportsmen.

A blight of some nature is rapidly killing off the cypress trees along the Woodside road in the neighborhood of the Country Club. It is to be hoped that some remedy can be found before they are all destroyed.

Local Plant Builds Tank

Construction has been started at the National Magnesia Manufacturing Company's plant here of a 50,000 gallon steel tank which will be supported on a steel frame sixty feet high. The new tank will be an addition to the plant's already efficient water supply system and will be of great value in case of fire. The plant has at the present one of the best equipped fire-main systems on the peninsula, the mains being capable of carrying a pressure of 250 pounds and throwing a stream of water over any of the buildings of this large manufacturing plant.

MOST PEOPLE DO NOT BELIEVE IN SIGNS ANYWAY

The old man who travels from Mexico to Canada every year selling bibles and painting religious thought on rocks and fences was in town with his little hand cart yesterday.

Next week we will see such signs as "What would Jesus do? "Where will you go when you die?" and similar inquires. Such things are more liable to cause anger and disgust than they are to cause repentence.

The old man could very well put his time to better use.

PIONEER RESIDENT OF REDWOOD CITY GOES TO HIS REWARD

Death claimed another of the county's pioneers last Thursday, when Frederick Stalter ceased his earthly existance at his home on Phelps street Fred Stalter was a native of this county, having been born at Searsville sixty-one years ago. He early took to engineering work and was for a long time associated with his father, James Stalter, who was the first superintendent of the water works in this city. At one time he followed the blacksmitr trade, but later turned his attention to stationery engineering again and continued his work with the Redwood City waterworks. which were at that time situated out on Phelps street. Of late years, however, he has been forced to quit work because of ill health.

THE TRIBUNE

The Tribune, our new contemporary in the newspaper field, made its appearance Tuesday. It was newsy and well edited. It stated its purpose which is to build up Redwood City. We welcome any agency which has as its purpose the advancement of our community. We notice with pleasure that the Tribune has already succeeded in getting several local advertisers who formerly fought shy of a paper as a means of getting rid of their wares. We hope that this sign of life will be fanned into a flame.

The Tribune will be published in Palo Alto as its publisher, Mr. Geo. Morrel, is also editor and publisher of the Palo Alto Times.

Mr. John Robinson, editor, is a pleasant young man and we bid him welcome to Redwood City.

SPECIAL OBSERVANCES

We note with pleasure the space that the metropolian dailies are giving to "Boys' Week" and "Children's Week." These are both splendid affairs for the boys and kiddies in general. We are glad these times are being observed.

We would suggest another special observance. This is it: "That the governing authorities of every municipality pass an ordinance which would require every boy and girl under twenty-one to stay at home every night in the week of June 7-15 to study his or her lessons and get acquainted with the parents of the family." We know that a special request for such an observance would have no effect, therefore we suggest the ordinance part of the program.

THE CALL OF THE OPEN PLACES

Tuesday, trout season opened. Sportsmen from all sections of the surrounding country heard and heeded the call of the whispering streams, and machines were parked in every conceivable camping space on the Alpine, La Honda and Pescadero creeks. The fish bit well this year and it didn't take much time for the disciples of old Izaak Walton to get the limit. We saw several of the catches and a twenty-five limit looked to us like a pretty small mess. Each fellow, with the limit, was as proud of himself as the big peacock at Golden Gate Park is in the fine display of feathers which graces his tail. Verily, fishing is a fine thing. It gets men up early in the morning and it takes them out into the open places of nature.

CAMPING PLACES

As one travels over San Mateo county he is impressed with the beauty of the scenery and the granduer of the trees and mountains. It gives the fellow, who in the by-gone days went out with his blankets and camped wherever he found himself, a feeling of pain in his stomach to see the old places labeled with a "Campers Keep Out" sign, or a legend reading, "Camping 50c," or "See the Owner for Camping Privilges."

It would seem to us that San Mateo county ought to buy up a number of the finest camping sites and hold them for anyone who desires to use them. Municipalities are giving campers free camp sites. We believe counties should do the same. We should want to have city people see the beauties of our county. They cannot appreciate those beauties if they are compelled to sit on a little stretch of grass by the road side while they eat their lunch. We believe in parks for the towns and good big camping places for the country.

BOOM AND DEVELOPMENT

These are days when we hear of "boom times" especially in regard to real estate, and we often hear it said that Redwood City is due for a "boom." We do not think that boom is the right expression to use in this connection. Redwood City is developing, and will develop more in the future than it has in the past, but its development has been the result of sturdy vigorous growth, and not the mushroom expansion and real estate inflation implied in the word, "boom." Every day we see new developments in Redwood City and the evidences of improvement, developments that are deep rooted and permanent; improvements that are lasting. We who have lived in Redwood City long enough to compare the present town with the Redwood City of twenty years ago cannot but feel a pride in our town's appearance and we are also glad to see that the development has come from within, and has not been due to any outside development propaganda or realtor's boom program. Redwood City has grown through the efforts of its own people, working for the benefit of their own homes.

We are proud of Redwood City—Our Home.

—o—o—o—

OUR STREETS, PAPERS AND THINGS

On every side, looking down almost any one of our streets, one sees fine new buildings, new homes and garden plots, older buildings shining in a new coat of paint, or beautiful new business blocks. The electric poles and their disfiguring wires have been removed from our main streets and handsome electroliers have displaced the hanging lights in our business district. These improvements are fine and together they serve to make our town one of beauty—all of which is merely to emphasize the fact that every citizen should take pride in his town and help to keep it beautiful. The city has a number of waste paper recepticles on the street corners. Use them! Let's make an effort, right now when the whole country is budding out into new life and beauty, to keep the town clean.

Clean Up—— Paint Up—— Fix Up——.

Make Redwood City the cleanest town on the peninsula.

EULA MAC ARTHUR KILLED IN ACCIDENT

The news of the tragic death of Miss Eula MacArthur at Reno, Nevada, last Saturday, came as a shock to her many friends here. Miss MacArthur was a student at Sequoia during her senior year and graduated from that institution in 1921. During her residence in Redwood City, she made many friends among the young people of the town. She was a member of the Congregational Church and was active in Sunday school and Christian Endeavor activities.

The death of the young lady was caused when an automobile in which she was riding struck a pile of sand and threw her clear of the auto onto the pavement. She received a fracture of the skull from which she passed away a short time after being rushed to a hospital.

Mis MacArthur was 18 years old and a student at the University of Nevada. She is survived by her father, H. E MacArthur, a brother, Ernest MacArthur, her mother, Mrs. Mal MacArthur, died in Redwood City a few months ago.

The body of the unfortunate girl was shipped to San Francisco and the funeral was conducted at the parlors of Halstead Brothers Undertaing Company, last Wednesday. Interment was in Cypress Lawn cemetery.

SEQUOIA STUDENT HURT IN FALL

George Svihus, a student at Sequoia High School and the son of Mr. and Mrs. Richard Svihus of 1120 Main street, narrowly escaped serious injury last Monday in a fall from the school bus which was being driven toward the football field by Miss Bradley, physical education instructor of the high school. Young Svihus was holding on to the outside of the bus without Miss Bradley knowing that he was there. In passing one of the P. R. T. Company's stages which had stopped on Broadway, the driver of the school bus passed near enough that the boy struck the stage and was thrown heavily to the pavement. He suffered a slight concussion of the brain and was confined to the hospital for several days as a result of the accident.

FORMER WIFE SUES FOR BACK ALIMONY

Suit was filed last Wednesday in the county clerk's office here by Mrs. Dora E. Reading against Leonard S. Reading for the payment of $2,250, claimed by the plantiff to be due her as back alimony. Reading was ordered by the court to pay $125 a month following a decree of divorce obtained by Mrs. Reading in 1918. The petitioner in the case claims that $2,250 are still due her.

JUDGE'S DECISION HALTS COLMA WALL CONSTRUCTION

A preliminary injunction rendered by Judge George H. Buck of the Superior court here last Monday will halt, for the time being at least, the construction by the State Highway Commission of the safety wall now under construction at the Colma curve. The injqunction rendered by Judge Buck is in the cases of James and John Millett vs. the State Highway Commission and Ella W. Coldy vs. the State Highway Commission. The plaintiffs in both cases claim that the construction of the safety wall by the State Highway Commission along the highway parallel to the tracks of the United Railroad's electric line, would prevent free entrance to their property, which is situated across the tracks from the highway.

The wall being constructed by the highway commission is a safety measure to prevent cars from driving onto the track in front of the electric cars, as several have done in the past, as they make the turn at the cemeteries, going toward the city.

REDWOOD PARLOR N. S. G. W. TEAM WINS

The local N. S. G. W. baseball team pulled one of the big surprises of the season last Sunday when it took the fast Half Moon Bay aggregation into camp to the tune of 4-2. The game witnessed by hundreds of fans, was very interesting, and the result was not definitely known until the last out was made. Torres did the pitching for the Redwood Natives, while Miller did the mound work for the Coastsiders.

Don't knock. Boost. It works better.

Mrs. C. Chapman of this city enjoyed a visit from her daughter and son in law, Mr. and Mrs. Hunt, and their two small children, over the week end.

Western Naphthenic Crude
Best for Motor Oils

ZEROLENE, made from selected Western Naphthenic Base Crude, vacuum-distilled by our exclusive process, will *increase* your car's power and gasoline mileage *by about 5% more* than you can get when you use the average higher-priced oil.

In addition, your car will run from 25% to 50% farther before carbon-removing operations become necessary. Both these facts have been proved by repeated demonstrations in the laboratories of this Company and on the road.

Insist on Zerolene—even if it *does* cost half as much. Consult our Correct Lubrication Chart to determine the right body of Zerolene for your car.

Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

Founding of San Diego Mission

by FATHER JUNIPERO SERRA

THE first of California's historic and romantic old missions—of which there were twenty-one, stretching the entire length of California and located a day's horseback journey apart—was established at San Diego, July 16th, 1769, by that noble pioneer, Father Junipero Serra. The mission period lasted 65 years and was overthrown when California passed from Spanish to Mexican rule.

Passing from that historic period to the present day, we find another chain of empire-building institutions stretching the entire length of the state—the 67 banking offices of the Bank of Italy located in 45 California cities.
